ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail! please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Variations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

**20TH EDITION (1967) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.**

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred sixty successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Postal regulations require Zip Codes. To continue receiving these catalogs be sure you send us this Zip Code.

HALF CENTS 1793-1797

An unusually choice collection. With the interest shown for exceptional specimens, new records are being set. Who knows how long it will be before another collection of this caliber comes upon the market.

1. 1793 Rotated reverse, extremely fine and sharp. A choice specimen of this "one year type" coin. Acquired in late 1964 at \$1450; should now realize over\$1750.00
 2. 1794 DOUBLE DATE with original date MUCH TOO LOW, high bust, virtually Uncirculated, only barest trace rubbing, ROTATED REVERSE, attractive light brown color. Acquired about 1½ years ago at \$825; now easily worth over 1000.00
 3. 1795 G-6, Plain Edge, no pole, thin planchet, typical reverse die break, Uncirculated brown, typical strike (caused by die break) with top hair strands not struck up and also some of the leaves. Acquired exactly three years ago at 1250.00
4. 1795 Acquired in 1962 described as "1795 STRUCK ON OVAL PLANCHET, Plain Edge, No Pole, about Uncirculated. EXTREMELY RARE - \$1000.00" INTERESTING MINT ERROR which could now realize closer to 1500.00
5. 1795 G-6, Plain Edge, THICK FLAN as on the lettered edge but WITHOUT LETTERING. Larger Flan than 1795 lettered edge, NO POLE TO CAP (the lettered edge varieties come with pole to cap) interesting die break above "Half", virtually UNCIRCULATED, only barest rubbing, pleasing bluish brown color. EXTREMELY RARE VARIETY IN TOP CONDITION. Ex-Breen collection. Acquired 1963 when it was valued \$1250; surely it should now exceed 1750.00
6. 1795 G-4, Plain Edge, Pole to Cap, Punctuated Date, thin flan, seems to fit the description of the Brobston specimen (Jan. 1963) "Actually we do not think this coin has seen circulation, but the diagnostic die sinking on the obverse and correspondingly on the reverse makes for poor definition of the head and letters of "Half Cent." The Brobston coin sold at \$700 four years ago. Surely this coin should now realize 1000.00
 7. 1797 1 over 1, acquired in 1964 as "plain edge, early die state with nice strike and pleasing surface, some prooflike surface, Uncirculated with faint rubbing. THE CHOICEST SPECIMEN OF THIS VARIETY WE CAN RECALL SEEING! \$1,500.00." The market for choice half cents has advanced since then.

1796 HALF CENTS—FINEST KNOWN!

8. 1796 Pole to Cap, mounted in plastic lettered "1796 HALF CENT WITH POLE, FINEST KNOWN. Former McCOY, LEVICK ZANONI, MILLER (1917), NEW-COMB, BRAND, BOYD COLLECTIONS. Lot 1032 Miller where listed as "PROOF." MINT RED UNCIRCULATED BLENDING TO LIGHT BROWN, A NEEDLE-SHARP STRIKE WITH PROOFLIKE SURFACE. The centering, striking and color seem to be superior to the Brobston specimen sold four years ago at \$9,750.00. Of course **THE PEDIGREE FAR OUTSHINES ANY KNOWN SPECIMEN!** Think of it, **TOP CONDITION AND TOP PEDIGREE!** As pointed out in the description of the Brobston coin, "Since 1799 Large Cents have brought over \$10,000.00 and were not in full mintstate, and since 1796 Half Cents are considerably rarer, we feel it is priced reasonably." Using Dr. Sheldon's formula for arriving at values of large cents (would equally apply to half cents) we feel this breathtaking specimen is worth at least 50% more than the Brobston coin. We feel the Brobston coin would easily bring \$15,000 today; (four years later) therefore this Boyd specimen should easily be worth\$22,500.00
9. 1796 Pole to Cap, struck from Edwards dies of which **ONLY 11 ARE SAID TO HAVE BEEN STRUCK!** Of course not all of these specimens are now known to exist. Actually **Uncirculated** altho a glass reveals slight "cabinet friction" caused by sliding on the velvet of the old coin cabinets). In checking, records for the last few years we find valuations of \$1500.00 and 2,000.00.

1800-1802 HALF CENTS, DRAPED BUST

10. 1800 Virtually Uncirculated, only faintest rubbing, variety with missing "F" in OF 125.00
11. 1802 Over 1800, G-1 (reverse 1803 with 2 leaves top right) extremely fine and sharp rather than the "About Uncirculated" for which acquired. Possibly superior to the Brobston piece (as claimed by the owner) since it does not have the scratches that one has. This specimen was \$750 in 1961. Since we have never seen an uncirculated specimen, this is most assuredly "Condition Census" and could now realize 1250.00

1802 REVERSE 1800 HALF CENT—"FINEST KNOWN"

12. 1802 Over 1800, **REVERSE 1800, G-2** (single leaves at top) acquired from a Western dealer as "**VERY FINE, FINEST SPECIMEN KNOWN!**" The Brobston (Jan. 1963) coin was "Fine with some obverse scratches". **ACKNOWLEDGED TO BE RARER THAN THE 1796 NO POLE (10 to 12 known). ONLY A TOTAL OF 6 OR 7 KNOWN!** The other specimens are poor, fair, good and the scratched fine Brobston coin. My price a "bargain" \$5,000.00." What this **GREAT RARITY** (Stacks' - the sellers of the Brobston collection - called the scratched fine coin - the choicest Brobston could obtain in a lifetime of searching - "**An extremely rare coin!**" - what adjectives should then be applied to this remarkable specimen?) will now bring, your guess would be as good as ours. We are mindful of what the dean of the old-time professionals, B. Max Mehl, would say in offering a rarity such as this, "**I DON'T KNOW WHICH IS RARER, THIS COIN OR THE OPPORTUNITY TO ACQUIRE IT.**" We suppose if there is any merit to the statement, "The Chance Of A Lifetime To Acquire This Rarity" then that would apply in this instance. The scratched fine Brobston coin sold at \$1,500.00 in Jan. 1963; (4 years ago) the present owner paid \$5,000 for this considerably superior specimen; surely with the increased values since then it should now realize closer to7,500.00

1803-1808 HALF CENTS, DRAPED BUST, DOUBLE LEAF TOP REVERSE

13. 1803 Variety with 9 berries, rotated reverse, extremely fine. 85.00
14. 1804 G-2, Plain 4, stemless, **Uncirculated chocolate.** 175.00
15. 1804 Crosslet 4, stems, extremely fine and sharp, tiny nick. 60.00
16. 1804 Crosslet 4 Stemless, **UNCIRCULATED** light brown, lustrous. **RARE SO CHOICE.** From a 1964 sale valued \$250; could now exceed 300.00

18.	1804 Plain 4, Stems, G-1, fine, tiny nick. RARE. Catalogs	50.00
19.	1804 G-7, Spiked chin & SPIKED FOREHEAD, virtually Uncirculated, only barest friction. RARE.	175.00
20.	1805 G-2, Large 5, stems, near Uncirculated.	125.00
21.	1805 Small 5, stemless, UNCIRCULATED reddish brown. RARE.	250.00
22.	1806 G-1, small 6, stemless, extremely fine.	50.00
23.	1806 G-3, Large 6, stems, Re-engraved 6, extremely fine. ROTATED reverse.	75.00
24.	1807 Very fine obverse, extremely fine reverse.	45.00
25.	1808 INVERTED REVERSE, struck on porous planchet, extremely fine.	75.00

1809-1829 HALF CENTS, TURBAN HEAD

26.	1809 OVER 6, extremely fine.	75.00
27.	1809 Normal date, near Uncirculated, tiny nick.	60.00
28.	1809 Circle inside "O", near Uncirculated. RARE.	100.00
29.	1810 G-1, Extremely fine. Scarce date.	85.00
30.	1810 High first 1, virtually Uncirculated, barest rubbing. SCARCE. Cat. unc.	200.00
31.	1811 High first 1, extremely fine, porous planchet. RARE.	250.00
32.	1825 G-1, Virtually Uncirculated, barest friction. SCARCE.	60.00
33.	1826 Very fine. Scarce. Catalogs	25.00
34.	1828 13 Stars, virtually Uncirculated, barest rubbing.	50.00
35.	1828 12 STARS, very fine. ONLY YEAR TYPE. Catalogs	40.00
36.	1829 13 Stars, reddish brown Uncirculated. Catalogs	55.00

1831-1836 HALF CENTS, RAISED EDGE, BEADED BORDER

37. **1831 RESTRIKE, LARGE BERRIES (Rev. of 1836) GLITTERING RED PROOF WITH LOVELY BLUISH OVERTONES, SHARP STRIKE, GEM!** State I, where the dies are still perfect, unbulged and uncracked. A REMARKABLE SPECIMEN which seems to fit the description of the Brobston coin sold four years ago at \$850; surely this RARITY now worth closer to\$1,500.00

38. **1832 RED AND BLUISH PROOF, SHARP STRIKE!** A remarkable specimen of this **GREAT RARITY! ONLY 4 OR 5 SAID TO BE KNOWN!** After deducting the specimen in the Smithsonian (U. S. Gov't collection) and those impounded in museums, etcetera, we cannot help but feel that the opportunity to acquire another specimen will probably not occur for sometime. In fact, **THE GUIDEBOOK DOES NOT LIST THIS DATE IN PROOF!** This, in spite of the fact that they list 1831, 33, 34, 35, 36 in proof! The owner paid \$1500, however we feel this great rarity should now realize closer to\$2,500.00

39. **1833 GLITTERING BLUE PROOF, SHARP STRIKE, GEM!** Seems to fit the description of the Brobston coin sold four years ago at \$400; surely it should now realize closer to750.00

40. 1834 Reddish brown Uncirculated, sharp strike. Catalogs50.00

41. **1835 REDDISH BLUISH PROOF, SHARP STRIKE** altho it doesn't seem to have the same "depth" of mirrorlike surface as the 1833. This surface seems to be typical of most of the 1833-34-35 proof specimens we have examined during our thirty-odd years as professionals (occasionally a specimen with greater "depth" is offered such as the 1833 contained herein but it may be years between the offering of such specimens). Catalogs \$350 altho we have seen specimens three and four years ago priced \$375 to500.00

42. **1836 ORIGINAL WITH LARGE BERRIES, obverse not bulged, GLITTERING BLUE PROOF. ONLY 12 SAID TO BE KNOWN (rarer than 1796 pole) INCLUDING THOSE IMPOUNDED IN MUSEUMS, IMPORTANT COLLECTIONS IN FOUNDATIONS, ETC.** The Brobston coin four years ago sold for \$600; surely this RARITY now worth over\$1,000.00

1837 HALF CENT TOKEN

43. 1837 "Half Cent Worth Of Pure Copper, MINT RED UNCIRCULATED Blending to bluish brown, SHARP STRIKE, tiny nick. VERY RARE SO CHOICE. When have you seen a comparable specimen? 250.00

1842-1857 HALF CENTS, BRAIDED HAIR

44. 1842 ORIGINAL, Large Berries, GLITTERING RED PROOF. As stated by Stack's in their Brobston sale catalog, "For some reason (probably the metal used), they are nearly always toned. A rarity so brilliant." Possibly this is the Brobston specimen sold four years ago at \$700, since so few specimens are known. Using the proportionate rate of rise in values for choice half cents in the intervening four years, this coin figures out to a valuation of about 1,250.00
45. 1842 G-3, Second Restrike, small berries, reverse of 1840, GLITTERING RED AND SLIGHTLY PURPLE PROOF. We agree with the statement by Stack's in describing the Brobston specimen, "Very few are known to exist of any of the restrikes of 1842." The Guidebook values all the originals and restrikes of 1840-1852 at the same price; even tho less than 10 are known of some dates, while for other dates, over 50 are known. Our records kept over the thirty-odd years we have been professionals leads us to believe as Stack's research led them to believe, that this is among the rarest dates! The valuation scale we have adds up to a present value for this coinof about 1,150.00

46. 1846 G-2, FIRST RESTRIKE, REVERSE OF 1856, GLITTERING RED PROOF WITH SLIGHT BLUISH TONING! NOT IN THE GREAT BROBSTON COLLECTION! As stated by Stack's, Mr. Joseph Brobston devoted over a half century to the task (of assembling the finest and most complete collection of half cents ever assembled)—our (A. M. & Paul Kagin) pleasant association with him over the years leads us to attest to his discriminating taste and persistence). WITH ONLY A FEW NEGLIGIBLE EXCEPTIONS THIS GROUP OF HALF CENTS IS COMPLETE! There never has been a collection to equal it offered for sale, either by private contract or Public Auction." We agree with Stack's. Yet, Mr. Brobston did not have the opportunity to acquire this GREAT RARITY! "THIS HALF CENT IS PROBABLY AS RARE AS ANY HALF CENT 1793-1857 ACCORDING TO A LEADING AUTHORITY." The present owner acquired this rarity in 1962 at \$1500; if it had come upon the market after the Brobston collection, and we were offering it, the price would be several thousand dollars. On the valuation scale (based on supply and demand) this rarity figures out to over\$5,000.00

47. 1847 G-3, Second Restrike, small berries, reverse 1840, bluish, barest trace rubbing (the old-time "cabinet friction" from sliding on velvet in the old coin cabinets). The Brobston coin was \$700 four years ago and should now be worth over \$1,000; this particular specimen worth a proportionate price.
48. 1849 Large Date, issued for circulation, near Uncirculated, sharp. 85.00
49. 1850 Small date, near Uncirculated, light lines on obverse. 55.00

50. 1850 B-117 (Ex-Breen collection) BLUISH GOLDEN PROOF, DEEP SHARP STRIKE, WIRE EDGE, tiny spot, tiny nick. The rarity of this coin is attested to by the fact that THE GUIDE BOOK DOES NOT LIST THIS DATE IN PROOF! Acquired two years ago at\$1,000.00

51. 1851 Reddish brown Uncirculated, SHARP Strike 75.00
52. 1853 Large Date, Uncirculated brown with some original mint red, SHARP STRIKE with lovely prooflike surface. A premium specimen worth 100.00
53. 1854 MINT RED UNCIRCULATED with some brown toning, SHARP STRIKE. 100.00
54. 1855 A perfect match for the 1854 and equally scarce. 100.00
55. 1856 Uncirculated bluish brown, SHARP STRIKE WITH PROOFLIKE SURFACE. 100.00
56. 1857 Mint Red and brown Uncirculated, SHARP STRIKE. SCARCE. 125.00

EARLY PROOFS (OR SPECIMEN COINS) 1807-1829

The "elite" of the proofs. So rare and offered so infrequently that the guidebook merely acknowledges that some exist and, of course, makes no attempt at valuation. This group has been one of the favorites of the cataloger. It requires patience and persistence, as well as artistic taste and knowledge to collect them. A most unusual opportunity. How many have you seen offered in recent years?

57. **50c 1807 BUST RIGHT**, while not a true proof in the sense of proofs from 1855 and later, it does have a lovely golden **PROOF** surface and is **SHARP STRUCK!** While not quite the equal of the 1806 in our October sale (valued \$3,500) still it is far superior to any 1807 we can recall seeing in recent years! We believe it is a "Presentation Piece" struck for some early collector, museum, king or nobleman (these early pieces were usually "made to order" upon request of the President of the U. S. State Department, or Congressman). We believe the owner's valuation conservative at 1,500.00
58. **50c 1811 Small 8, UNCIRCULATED WITH PROOFLIKE SURFACE**, blue patina, the right stars are needle-sharp and the left stars vary in sharpness of strike, sharp hair with one curl not struck up, **SHARP STRUCK EAGLE INCLUDING CLAWS, SHARP STRUCK BORDER BEADING OBVERSE AND REVERSE**. Acquired at \$750 several years ago as a "Proof"; however we hesitate in accepting it as a full "Proof," even tho it is a lovely specimen. We believe a truer value would be about half.
59. **1c 1816 N-6, Uncirculated bluish brown** with lovely prooflike surface, top stars flatly struck as is the curl on forehead (characteristic for this variety). We find the words "Proof - French?" on the envelope; possibly a reference to the outstanding Dr. French collection of Large Cents. While a nice coin, we do not believe it is a specimen strike. Worth about 150.00
60. **1c 1817 N-13, "SUARE EDGE PLANCHET"** characteristic of many proofs, **SHARP STRIKE**, red and bluish **PROOFLIKE** surface, **SHARP BEADED BORDER BOTH SIDES**. Certainly an exceptional specimen "struck with special care." Cost 350.00
61. **1c 1819 N-2, 1819 OVER 18**, slightly rounded edge, **SHARPLY STRUCK, PROOFLIKE** Surface, lovely blended red and bluish color. A nice coin but we do not believe it to be a specimen strike. Cost 350.00
62. **25c 1819 Large 9, Re-Engraved 25 with ORIGINAL "5" MUCH TOO HIGH**, "periods" variety with period over date and after bluish date, **PROOFLIKE GEM with FULL SHARP STARS AND BORDERS**. A lovely specimen even tho we cannot fully agree with its former attribution of "PROOF." If we accepted the attribution of "proof," then we would "go along" with the owner's valuation of \$1000 but since we do fully agree, a more realistic value might be 750.00

63. **1c 1820 N-6, SMALL DATE, LOVELY BLENDED RED-BLUE-BROWN PROOF! NEEDLE SHARP HAIR, EDGE. ETC.** Breen in his monograph on early proofs states, "**POSSIBLY UNIQUE**"! This remarkable specimen came into the possession of a New York specialist in 1956 at \$575; it changed hands again in 1961 when the present owner paid \$1250; at least the same ratio of rise in values of top-grade large cents has prevailed since (Helfenstein sale by Merkin in N. Y. 1964, A.N.A. sale in Cleveland 1964, Merkin, Stack's and other sales of last five years) resulting in a present market value of this great rarity of at least \$2500, possibly over \$3000.00

64. **1c 1820 N-5, Small date**, also acquired as a "**PROOF**" but it does not have all the criteria present in the above N-6 variety. It does have a lovely brownish chocolate **PROOFLIKE** surface but not quite the "depth" of a full proof, **SHARP STRIKE** but not the needle-sharpness of the N-6. We are willing to accept the statement of a leading authority that it is a "Specimen Coin" hurriedly made up for "presentation purposes" for the government or Congressman and that they didn't have sufficient time to fully process it as a "proof" coin. Acquired a number of years ago at 500.00

65. **1c 1821 N-1, CLOSE DATE, LOVELY BLUISH BROWN GEM PROOF WITH FAINT RED UNDERTONES! AS CHOICE A PROOF AS COULD POSSIBLY EXIST!** The present owner said he "fell in love" with it when he acquired the coin at \$1500; surely now it should realize over \$3,000.00

EARLY PROOFS (OR SPECIMEN COINS) 1807-1829 (Continued)

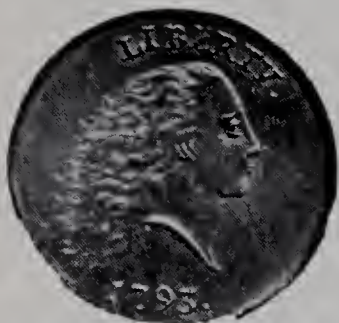

- | | | |
|-----|---|--------|
| 66. | 10c 1821 Large Date, golden and bluish PROOFLIKE surface, possibly a "Specimen Strike." RARE! In the unequaled dime collection auctioned April 1, 1966 by Merkin in New York, there were "condition census" and "finest knowns" of virtually every date dime WITH THE EXCEPTION OF THE 1821 LARGE DATE! That specimen was "very close to Unc." The Merkin sale 1821 small date "Brilliant prooflike Unc." coin realized \$675; what this Large Date specimen will bring, your guess would be as good as ours. | |
| 67. | 50c 1821 PROOFLIKE, SHARP STRUCK GEM! Possibly a "Specimen Strike" as it is certainly far superior to the ordinary strike and surface. Certainly a "Selected" planchet superior to the usual one was used. One of the later acquisitions at | 250.00 |
| 68. | 1829 Half Dime, Valentine 7 variety with 3 stripes in shield, acquired from a leading New York dealer as "PROOF" which it could very well be; lovely bluish golden patina which we would have to remove to be positive as to its being a Proof. It would be a crime to remove this lovely patina. It has the HIGH WIRE EDGE, SHARP STRIKE and other criteria normally associated with a proof but we cannot ascertain the "depth" of the proof surface without cleaning. Acquired three years ago at | 250.00 |
| 69. | 10c 1829 Large 10C., acquired same source as "PROOF" with a similar lovely bluish golden patina making it equally difficult to verify as to its being a full proof. It has the HIGH WIRE EDGE, SHARP STRIKE and other criteria normally associated with a proof but we cannot ascertain the "depth" of the proof surface without cleaning. Acquired three years at | 275.00 |

DOUBLE TYPE SET HALF CENTS

The owner loved to display his coins and felt it necessary to display the obverse and reverse of each type. The few duplicates are the result of "upgrading—a never-ending process to a true collector.

240.	1795 BUST TYPE (hair tied) smaller eagle, 2B-14 variety with bust centered too much to left, virtually Uncirculated, only barest friction, pinpoint edge nick. A lovely SHARP STRUCK specimen of this rare and popular type. Catalogs unc. \$1200; this one probably worth around	850.00
